INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. §1.97(f)

It is respectfully requested that U.S. Patent 5,115,030, which is listed on the attached Information Disclosure Citation form PTO-1449, be considered by the Patent Examiner in connection with the above-identified application, and be made of record therein under 37 C.F.R. §1.97(f).

In particular, upon examination of the paper file maintained by Applicant for the above-captioned application, it has come to Applicant's attention that U.S. Patent 5,115,030 inadvertently was not cited in connection with the instant application. In fact, Applicant's Information Disclosure Statement filed October 3, 2007 for the above-captioned application inadvertently cited U.S. Patent 5,155,030 as document AO in the attached PTO-1449, when U.S. Patent 5,115,030 was the document intended to be cited by Applicant.

Accordingly, due to this unintentional typographical error, Applicant is unsure if the correct citation (i.e., U.S. Patent 5,115,030) has been considered with respect to the instant application. Additionally, since Applicant made a *bona fide* attempt to comply with 37 C.F.R. §1.98, but due to the aforementioned unintentional typographical error inadvertently omitted the correct citation for U.S. Patent 5,115,030, Applicant kindly requests the Examiner to consider U.S. Patent 5,115,030 under 37 C.F.R. §1.97(f) for the instant application.

Applicant does not believe that any fee is due with this request; however, the Commissioner is hereby authorized to charge USPTO deposit account 08-2336 any payment due, and to credit any overpayment thereto with respect to this filing. Should the Examiner have any questions with respect to this filing, he is invited to contact the practitioner at the address and number below.

Respectfully submitted,
